DIRECTOR'S WELCOME

A murder mystery, Comedy, Farce; The elements of all these, are here in Jack Popperwell's "Busybody". As director, I am privileged such a great cast, and it has been a pleasure working with them. Great to have such talented newcomers gracing Kucom's stage.

"Busybody" is set in the sixties and we, i.e. the cast, backstage crew, and director, have tried to emulate that look and feel, with costumes, the set, the music. Tonight at Kucom Theatre, it's is mini skirts, long legs in boots and stilettos. Colour and the Beatles.

ENJOY!

Heather Mactavish.
