In the Community Theatre the production of any play involves both players and production crew in weeks of solid work.

The sought for reward goes a little further than full houses — appreciated as these will be by our Treasurer! The real measure of success lies in how much you enjoy the show.

"Mary Mary" brought laughter to millions on Broadway and London stages. We hope that tonight we can share a little of that success with you, our audience.

CLIVE TOOHEY.

Our sincere thanks go to the following business houses for their assistance:
