PRESIDENT'S WELCOME

WELCOME everyone to our first production for 2002. This is starting out to be our most organized and exciting year that I can remember. Firstly, we have upgraded our lighting and sound system, thanks to The Gaming Machines Grant. No excuse now for not being able to hear or see us anymore. Secondly, we are offering you the opportunity to take advantage of our Subscription Series, a saving of almost \$25.00 if you subscribe to all five productions, we have a great selection of shows for you to choose from and if well supported we should be able to continue the offer next year. This will also help you to plan your entertainment calendar year. (No more saying "I didn't know it was on.").

Tonight we have a great selection of One Act Plays for you, with some new faces (welcome to Kucom) and of course our regular faces. We will be taking two of tonight's plays to the Townsville Drama Festival in May ("Bubbles", "The End of The Picnic") and a third "Duchess on Thursday" (still in rehearsal). We have been quietly successful in previous years so good luck to all involved. However, that's enough of me, let's grab a drink, sit back, relax and enjoy tonight's show.
JIM KELLY.
