PRODUCER'S NOTE

"TRAP FOR A LONELY MAN" is a thrilling, cleverly written play, combining murder suspense and mystery. To tell you more would spoil your fun—so just sit back and see how long it takes you to figure out "who dun it."

Tonight the COMMUNITY THEATRE presents a most competent cast of old and new faces whom I'm certain will merit your warm applause.

If you leave the theatre feeling it has been worth the effort to see our show, please pass the "word" to your friends; we depend so much on your patronage.

Our Silver Jubilee Year

This year THE MACKAY COMMUNITY THEATRE celebrates its 25th birthday. On 4th July, 1947, the then Mayor (now Senator) I. A. C. Wood, called a public meeting to form a group of people interested in amateur theatre. The first effort was a group of three one-act plays presented in November, 1947. The first three-act play, "THE LATE CHRISTOPHER BEAN", was performed in April, 1948.

Over the years THE COMMUNITY THEATRE has played a strong part in the entertainment of Mackay citizens. They present four straight plays a year and also a musical.

Like all organisations they are always looking for new members be they active or subscribing. The active membership is \$2 a year, while subscribers is \$4 a year which entitles them to two tickets to each of the straight plays. An active member does not have to act, as there are a host of jobs to be done to put a production on stage—painters, dressers, make-up, set construction among a few. If you feel you have a yen to help them in any way at all don't be shy, come and meet us after the show tonight and be welcomed with open arms.

Coffee will be served after tonight's performance and we cordially invite you, our audience, to join us at the foot of the stage.
